

## RESIDENTIAL MAINTENANCE AGREEMENT OPTIONS

### Standard Mowing Service

Consists of 20 service visits for mowing only service based on a *bi-weekly* schedule during the primary growing months and 1 or 2 visits during the “offseason” for trimming/maintaining.

### Enhanced Mowing Service

Consists of 33 service visits for mowing only service based on a *weekly* schedule during the primary growing months and 1 or 2 visits during the “offseason” for trimming/maintaining.

### Shrub Maintenance Service (Available only with a mowing plan)

Consists of (normally) 4 service visits for shrub/bush maintenance. The months identified are “targeted”, and service visits may be a little earlier or a little later than indicated. The frequency of visits can be modified to fit your needs.

### Fertilization and Weed Control Service (Available as a “stand alone” service)

This is an 8 Step program for lawn fertilization and weed control. The months identified are “targeted”, and service visits may be a little earlier or a little later than indicated.

Month	Standard Service	Enhanced Service	Shrub Maintenance	Fertilization & Weed Control
